Examination Policy

[Examination Pattern](#)

The candidate has to give a **written examination of 4 hours with 200 questions** based on the 21 knowledge areas of **Indian Infrastructure Book of Knowledge (InBoK)**. These Questions will include Multiple Choice Questions (Single Select and Multiple Select) and Case Study Based Questions. The

candidate needs to score a **minimum of 70% to pass the examination**. Each correct answer will be awarded 1 mark and there will be no negative marking.

Training

There will be a mandatory online training of 24 hours which has to be completed by the candidate before applying for the certification. The professional has to register with NICPP to avail this free online training which will be based on InBoK.

Study Material

The following study material will be available for the candidates after the registration:

1. InBoK
2. Mini InBoK
3. Other in text references

This will be available for free to the registered candidates.

Mode of examination

The examination will be in both the modes: Test Centre Based and Home Based. The examination will be thoroughly proctored using different methods virtually.

Eligibility Check and Document Verification

The professional can check their eligibility based on their work experience. He/She needs to sign up to check their eligibility and then apply for the certification.

To apply for the certification, candidates will have to fill in their personal details and upload the related documents which will be assessed by the Desktop Assessor. In case, the documents of the candidate are not approved (NC), he/she will receive messages stating the problems to be rectified and get 2 more chances to re-upload their documents.

Recertification

The candidate will have to apply for the recertification after 3 years from the date of issuance of the certification. It will be based on the online self-learning modules.

Guidelines

1. The candidate has to run a pre test to check the system requirements for the examination.
